## **tr-1000 Casefeeder Automatic Off-Line Casefeeder & Stacker**

### **Do you ship to Walmart?**

Walmart's new master case requirements include all non-variable information be printed by flexo technology. Variable data can be printed with any technology. The tr-1000 Casefeeder allows you to feed pre-printed unerected master cases to print variable data on all 4 sides with inkjet print technology in a single pass.

Front View

Print & Apply Labelers, both Front & Back, can be added to meet Walmart frozen food labeling requirements of labels on 2 sides.
