

# MODEL LD450-PR

*Label Dispenser - Printer Ready*

## Providing Economical Solutions in Label Dispensing Systems

Model LD450 has been the industry standard for over 40 years. Designed and built to work with almost any label construction. The LD450-PR is the next evolution in label dispensing, with the ability to integrate the Smart-Jet® Blue inkjet coder for printing variable date/time, barcodes, QR codes, etc!

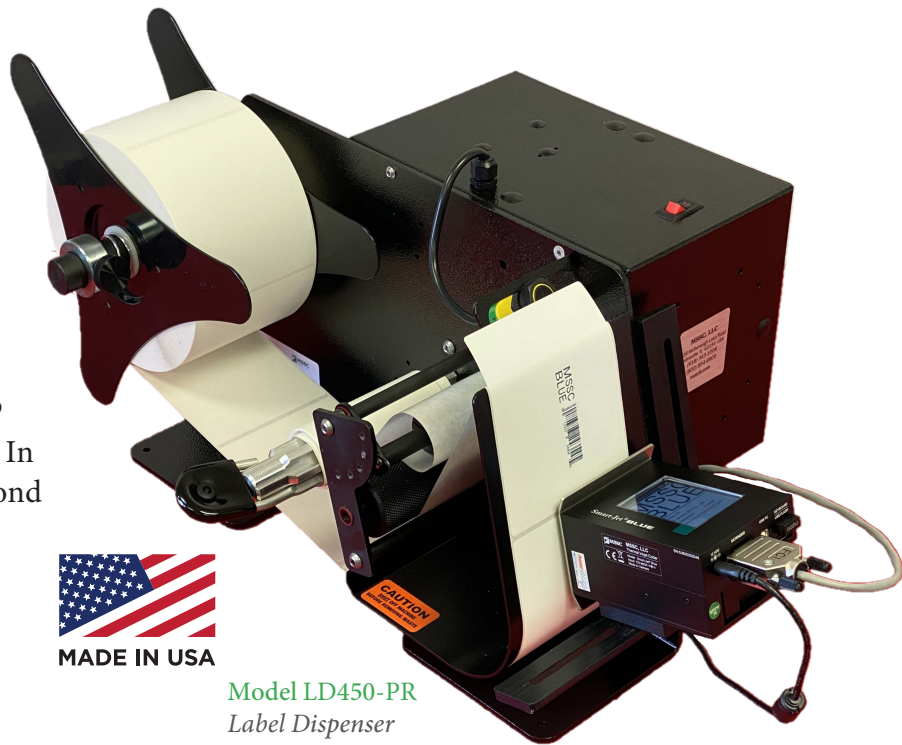

Designed and built in the USA, the LD450-PR is built with an attention to detail and durability. Featuring an adjustable unwind tension system as well as a vertical peel edge for a more ergonomic dispense. The LD450-PR is specially designed for Constant Speed for the perfect print, everytime.
